INTERNATIONAL COMMUNICATION

- Presentation (February 2021) in an International Seminar on Natural and life Sciences (online) organized by the International Journal of Human Settlements, Entitled: The fertilization of fruit trees in the region of Souk-Ahras
- Presentation (February 2021) in an International Seminar on Natural and life Sciences (online) organized by the International Journal of Human Settlements, Entitled: Identification of Wadi Bouhamdane macroinvertebrates
- Presentation (April 2021) in an International Seminar on Biodiversity, Valorization and Conservation of Urban and Forest Ecosystems: (In support of sustainable development) (online) organized by Mohamed Boudiaf - M'sila University; Entitled: Inventory and characterization of local fruit-growing varieties if olive trees in the Souk-Ahras region
- Presentation (September 2021) in an International Seminar on Biodiversity, Environment and Health (online) organized by Abou bekr Belkaid – Tlemcen University; Entitled: contribution to the study of benthic macroinvertebrates in the wilaya of Khenchela (Algeria).
- Presentation (September 2021) in an International Seminar on Biodiversity, Environment and Health (online) organized by Abou bekr Belkaid – Tlemcen University; Entitled: initiation to the identification of macroinvertebrates of Wadi Bouhamdane.

- Presentation (December 2021) in an International Seminar on Pollution, Health, Environment and Bio-monitoring (online) organized by University 20 August 1955-Skikda- ; Entitled: Structure and diversity of benthic macroinvertebrates of Eastern Algerian Highlands.
- Presentation (December 2021) in an International Seminar on Pollution, Health, Environment and Bio-monitoring (online) organized by University 20 August 1955-Skikda- ; Entitled: Determination of benthic macroinvertebrate fauna of Bouhamdane Wadi.

WORKSHOP ATTENDANCE

- Participation at a workshop entitled: how to find articles relevant to my research project (gomin). Presented by Nadine Iskander research consultant, Hicham Chorfi Elsevier Ambassador, on August 2021.
- Participation at a workshop entitled: explore resaearch topics to discover global trends with scopus (gomin). Presented by Nadine Iskander research consultant, Hicham Chorfi Elsevier Ambassador, on September 2021.
- Participation at a workshop entitled: find collaborations using scopus (gomin). Presented by Nadine Iskander research consultant, Hicham Chorfi Elsevier Ambassador, on September2021.
- Participation in Geographic Information Systems Science Days with ARCGIS. Organized by research Laboratory Functional Ecology and Environment – University Larbi Ben M’Hidi – Oum El Bouaghi – Algeria. December 2021.
- Participation in scientific training days on language R. Organized by research Laboratory Functional Ecology and Environment – University Larbi Ben M’Hidi – Oum El Bouaghi – Algeria. December 2021.
- Participation at a workshop entitled: ScienceDirect and Scopus: How to switch between different platforms to advance my project of research Presented by Mariam Boghdadi research solutions consultant, on July 2022.
- Participation at a workshop entitled: ScienceDirect: save time with personalized recommendation on ScienceDirect (60 min) Presented by Mariam Boghdadi research solutions consultant, on August 2022.

WORK EXPERIENCE

- Internship in GIS Software.
 - Manipulation of GIS software (ARC Gis, Qgis, Global Mapper); Creation and management of databases and thematic mapping. (27-11-2022 ; 26-12-2022) Tunis University, Tunisia.
- Co-supervision of Masters.
 - Contribution à l’étude ethnobotanique des plantes médicinales utilisées de la région de Guelma (Est Algérien); (Contribution to the ethnobotanical study of medicinal plants used in the region of Guelma (Eastern Algeria)). 2022. Guelma University, Algeria.
 - La qualité physico-chimique de l’eau potable de la région de Guelma(Physico-chemical quality of water of Guelma). 2022. Guelma University, Algeria.
 - Valorisation et Gestion des déchets hospitalier de la Wilaya de Guelma. (Valuation and Hospital Waste Management of Guelma). 2022. Guelma University, Algeria.
